# 2007 ANNUAL REPORT

*freedom to choose*

## Message from Chairperson & CEO

**M**arket USA Federal Credit Union had a busy, productive year in 2007. With the help of our professional staff and our forward-thinking management team, we completed some important initiatives, strengthened relationships, and set the stage for future growth.

This is the time for us to review the facts and figures that reflect our successes over the course of the past year, but we also want to pause and think about the many ways we have impacted the lives of people. When we help a family buy a house, help a member pay off debt, or help a member prepare for retirement, we are fulfilling the credit union mission of "People Helping People."

### Helping people through service

We added some new technologies in 2007 to help our members enjoy greater convenience with increased security. Our Internet Banking system now offers online check image viewing, e-Alerts and e-Statements, with multifactor authentication providing an extra layer of protection against fraud. We upgraded our Internet Bill Pay Service so you can now receive electronic bills, bill pay reminders and schedule your bills to be paid exactly on the day they are due. Our Web page now has an ATM/branch locator service so you can easily find one of the 3,200 shared branches or 57,000 surcharge-free ATMs near you. Additionally, privilege pay information was integrated into Internet Banking so members can see their eligibility level at a glance.

The Loan Department completed some upgrades which allow VISA® cardholders to pay their bill over the phone or via the web. We implemented semi-annual credit line increases and credit card incentive pricing to enable more members to take advantage of our terrific VISA® cards and to provide exceptional rates for members with good credit.

Our Call Center staff is continuously training so that we can continue to offer our members the best service available.

### Helping people through education

Financial literacy is essential for people of all ages. In addition to providing ongoing information through our Web site and newsletters, we also conducted financial seminars in 2007.

Our Northeastern branch participated with the Stop & Shop Associate Resource Group to offer a "Build a Basic Budget" seminar, attracting over 30 participants. Our Mid-Atlantic Branches conducted three "Lunch and Learn" sessions at Giant-Landover's headquarters. Our Southeastern branch reached out to new and prospective members through Bi-Lo District Meeting Presentations and a 2-day Bi-Lo Management Conference. Our staff is always happy to sit down with members to discuss resources and solutions available through the Credit Union. The BALANCE Financial Fitness Program offers free, unbiased money management and debt counseling information and assistance via a toll-free call.

### Helping people through outreach

As a member-owned financial institution, Market USA Federal Credit Union is committed to the well-being of the communities we serve. Our Maryland Branches partnered with Giant in 2007 to sponsor the Checkout Hunger food drive, with donations benefiting the Capital Area Food Bank in Washington, D.C.

The Quincy Branch worked with Stop & Shop management and associates to support many charitable events including the Lewis G. Schaeneman Jr. Memorial Scholarship Foundation, Inc., the Stop & Shop Family Foundation, the National Hispanic Heritage Month and the Stop & Shop Scholarship program, just to name a few.

Market USA Federal Credit Union has 54 years of service behind us – and many more ahead! Thank you so much for being part of our credit union. Because of your loyalty and support, we can continue to help a wide variety of people in 2008 and the years to come.

Sincerely,

Walter Lutman

## SUPERVISORY COMMITTEE REPORT

The Supervisory Committee, appointed by the Board of Directors, is charged with the responsibility of overseeing Market USA Federal Credit Union's management and financial records to ensure the institution's financial condition is fairly presented.

An integral part of ensuring the fair presentation of financial condition is the execution of the annual independent audit. This year we appointed the firm of Schriener, Legge and Company to fulfill that responsibility. We are pleased to report their audit resulted in an unqualified opinion. The Supervisory Committee will also review any recommendations made by Schriener, Legge and Company that are

designed to strengthen the Credit Union's operating procedures. Additionally, we reviewed the National Credit Union Administration's examination report. The Supervisory Committee, along with the Board of Directors, is undertaking the recommendations made.

The Supervisory Committee looks forward to continuing to serve all members in this oversight capacity.
